**BABEȘ-BOLYAI UNIVERSITY**  
The Faculty of History and Philosophy  
Specialization: Contemporary history

[Cluj-Napoca, Romania](#)  
📅 Oct 2019 – Jul 2022

## EXPERIENCE

**Web Developer**  
[Freelancer](#)

- 📅 July 2023 – Present
- Created [dictionarurban.ro](https://dictionarurban.ro), where I handled both frontend and backend development for this project. This involved designing and implementing responsive user interfaces using Next.js, HTML, SCSS, and JavaScript to ensure an optimal user experience across different devices. On the backend, I implemented functionalities using Supabase, a serverless PostgreSQL database, to handle data storage, retrieval, and user authentication. Additionally, I created an admin dashboard for efficient management of content and user accounts.
  - Updated [quidest.ro](https://quidest.ro) as a Next.js application. In this project, I focused on enhancing SEO, website metrics, and speed. Moreover, I transitioned the website to a headless WordPress application to leverage its powerful CMS capabilities while maintaining the flexibility and performance of a Next.js frontend. Alongside, I implemented various optimizations aimed at improving website performance and overall user experience.

**Content Writer and Digital Presence Specialist**  
[quidest.ro](https://quidest.ro)

- 📅 May 2019 – March 2022
- Wrote compelling history articles tailored to match the interests and preferences of the audience.
  - Documented personal insights and reflections gathered from reading a variety of historical books, adding depth and authenticity to my writing.
  - Managed the website [quidest.ro](https://quidest.ro) and took care of the SEO and social media part.
  - Successfully achieved high search engine rankings, with many articles consistently appearing on the first page of search results.
  - Secured the first position for several articles in searches.

You can see some of my projects on [icruso.ro/projects](https://icruso.ro/projects).
